

Discover Countless Ways To Play

- ① **TASTY:** Identify all the pieces in the set (use the activity cards as a guide!) and talk about what each food item tastes like (spicy, tangy, creamy, crunchy, etc.).
- ② **SLICE & COUNT:** Count the whole vegetables, shrimp, chicken, and beef pieces. Use the knife to slice them, then count all the sliced pieces.
- ③ **CAN CAN BAND:** Slice the tomato and put one piece in the crema can and one in the pinto beans can. Close the lids tightly and shake to create your own one-kid marching band!
- ④ **ORDER UP:** Imagine owning a food truck or Tex-Mex restaurant! What is its name and where is it? Create signs, flyers, advertisements, and coupons for customers. Set prices for menu items on the recipe cards and invent your own creations, too! Take turns with a friend being the customer and the chef.
