

## Discover Countless Ways To Play

- ① Have kids identify each food item, and count them (9).
- ② Have kids identify which items belong in the refrigerator, and which belong in the freezer. Ask them to identify letters of the alphabet on the food items.
- ③ Have kids identify shapes found on each food item (rectangles, circles, triangles, etc.).
- ④ Have kids identify colors found on each food item (red, green, yellow, etc.).
- ⑤ Have kids prepare a make-believe meal using the Fridge Food items.
- ⑥ Play "store" and ask kids to fill your grocery order.
- ⑦ Have kids stack the Fridge Food items as high as they can before they topple!
