**Furniture Care**

Kohburg furniture is built with longevity in mind but a little extra care goes a long way. Maintaining a regular cleaning schedule keeps your furniture beautiful and assures prolonged strength and dependability.

• **Cleaning and Sanitizing:**

Clean our products with warm, soapy water and wipe down with a damp rag. Avoid excess water. Wipe dry immediately afterwards to prevent soaking. Refrain from using toxic cleaning products on Kohburg furniture as it may mar the integrity of our environmentally-friendly finishes.

• **Mobile Units:**

Make sure your mobile units move freely and are squeak-free. Properly and regularly lubricated ball bearings ensure your products are in top notch quality. Apply a couple drops of approved lubrication oil to your ball bearing joints once a month for proper unit maintenance.

• **Unfinished Wood:**

Kohburg's all natural blocks provide kids a silk-smooth feel. If your blocks need cleaning, please use # 600 grit sandpaper from your local hardware store to gently sand the surface. Sanding will restore the block's smooth, natural finish.
